Computer Science Department

APPROVAL SHEET

This proposed compiler entitled **"MILITARI COMPILER"** presented and submitted by **TATLONG BIBE** is hereby approved and accepted as partial fulfillment in Compiler Design for the degree of Bachelor of Science in Computer Studies Major in Computer Science.

PROF. LEISYL M. OCAMPO

Adviser

PANEL OF EXAMINERS

Approved by the Committee on Oral Examination with the grade of _____ on _____.

PROF. KHATALYN E. MATA

Panelist

ACKNOWLEDGEMENT

This Militari Compiler owes its existence to the help, support and inspiration of several people. But first and foremost, we would like to thank our Almighty Creator, for providing us with all the resources and time that we need for us to successfully finish this compiler.

We would also like to express our sincerest appreciation and gratitude to our Compiler Design Professor, Prof. Leisyl M. Ocampo, for her patience, motivation, encouragement, and for sharing her knowledge with us to the full extent. To our panelist, Prof. Khatalyn E. Mata, for insuring that the compiler is working and able to meet the requirements needed.

Most importantly, none of this could have happened without our families. For supporting us financially and spiritually, for believing that we can do everything and anything is possible with God. For their immeasurable patience, undying encouragement and understanding. Thank you for the unconditional support. We love all of you guys!

Last but not the least, to our classmates especially: Edilberto Salvador Jr., Daryl Caguia and others, for the support and ideas that also contributed to the completion this compiler.
